TRD-9908424

LaDonna Castañuela

Chief Clerk

Texas Natural Resource Conservation Commission

Filed: December 7, 1999

Public Notice

The Texas Natural Resource Conservation Commission (TNRCC or the Commission) is required under the Texas Solid Waste Disposal Act, Health and Safety Code, Chapter 361, as amended (the "Act"), to identify and assess facilities that may constitute an imminent and substantial endangerment to public health and safety or the environment due to a release or threatened release of hazardous substances into the environment. The most recent registry listing of these sites was published in the November 26, 1999, issue of the *Texas Register*.

Pursuant to §361.184 (a), the Commission must publish in the *Texas Register* and in a newspaper of general circulation in the county in which the facility is located a notice of intent to list a facility on the state registry of state Superfund sites. This is a notice of a facility or area that the executive director of the TNRCC has determined eligible for listing, and which the executive director proposes to list on the state registry. Also specified is the general nature of the potential endangerment to public health and safety or the environment as determined by information currently available to the executive director. The notice of intent to list this facility was also published in the *Cass County Sun* on December 15, 1999.

The site being proposed to the state Superfund registry is the Avinger Development Company (ADCO) facility located on the south side of State Highway 155, approximately 1/4-mile east of Avinger in Cass County, Texas. The property is bordered on the north by State Highway 155, and on the west, south and east by undeveloped agricultural land.

The TNRCC inspected the site and collected numerous surface soil samples. These samples indicated elevated levels of heavy metals (arsenic and chromium). These substances in the amounts detected at the site may constitute an imminent and substantial endangerment to public health and safety or the environment.

A public meeting for the executive director to receive information regarding the proposed listing of the site, including information regarding the facility and identification of potentially responsible parties (PRP's) has been set. The public meeting will be held at 7:00 p.m. Thursday, February 3, 2000, in the Council Chambers of Avinger City Hall, located at 6 Main Street, in Avinger, Texas. The public meeting will be legislative in nature and not a contested case hearing under the Administrative Procedure Act (Texas Government Code, Chapter 2001).

Persons desiring to comment on the proposed listing and identification of PRPs of the ADCO site may do so in the context of the public meeting either orally or in writing. Written comments may also be submitted by February 3, 2000, to the attention of Ms. Carol Boucher, TNRCC, Remediation Division, MC-143, P.O. Box 13087,

Austin, Texas 78711-3087; telephone (800) 633-9363 (within Texas only) or (512) 239-2493.

The executive director has prepared a brief summary of the Commission's records regarding this site. A portion of the records for this site, including documents pertinent to the executive director's determination of eligibility, is available for review during regular business hours at the Daingerfield Public Library, 207 Jefferson Street, Daingerfield, Texas 75638; telephone (903) 645-2823. Copies of the complete public record file may be obtained during regular business hours at the TNRCC, Records Management Center, Building D, Room 190, 12100 Park 35 Circle, Austin, Texas 78753; telephone (800) 633-9363 (within Texas only) or (512) 239-2920. Photocopying of file information is subject to payment of a fee.

North Texas Tollway Authority

Notice of Request for Qualifications Implementation of PeopleSoft, Inc., Software

The North Texas Tollway Authority (the NTTA), a regional tollway authority and a political subdivision of the State of Texas, intends to issue a request for qualifications (RFQ) to enter into an agreement with a qualified computer software consultant or consulting firm to provide services to implement PeopleSoft, Inc., software modules and other software applications licensed to the NTTA.

Letter of Request. To be considered, an interested party must submit a Letter of Request requesting a copy of the RFQ, which letter must also contain the name of the potential proposer, a contact person, and an address to which the RFQ may be sent. The NTTA will send only one copy of the RFQ to each potential proposer.

Overview of RFQ. The NTTA intends to select a qualified engineering firm or firms that will operate as an extension of, and in complete coordination with, the NTTA's staff in implementing PeopleSoft, Inc., software modules, including (1) Human Resources for Education and Government modules (Human Resources (E&G); Payroll (E&G); and Time & Labor (E&G); and (2) Financial Management for Education and Government modules (General Ledger (E&G); Receivables (E&G); Payables (E&G); Asset Management (E&G); Projects (E&G); Budgets (E&G); Billing (E&G); and Purchasing (E&G); Inventory (E&G). In addition, the NTTA requires the following services and implementation of the following software: PeopleTools(tm); Workstation Access (including: base application access, PeopleSoft Workflow(tm), workstation SQR, QueryLink(tm), Crystal(tm), and nVision(tm)); Server SQR; and PowerPlay(tm).

Each party submitting a response to the RFQ (a Proposer) must satisfy the following minimum qualifications for its response to be considered by the NTTA: (a) the Proposer must be a PeopleSoft Global Alliance Partner(tm), (b) the Proposer must have experience in government fund accounting, and (c) the Proposer must have successfully completed implementation of substantially similar PeopleSoft(tm) software modules for an educational institution or governmental organization during calendar year 1999.

Deadline. A Letter of Request notifying the NTTA of a request for an RFQ will be accepted by fax at (214) 461-2053, or by mail or hand delivery to: North Texas Tollway Authority, 3015 Raleigh Street, P.
